

WEB DESIGNER

We're looking for web designers that can demonstrate creative flair and an awareness of user-centred design. Successful applicants will be involved in the design and execution of high profile corporate and promotional websites for multi-nationals.

Required skills: Photoshop experience is a prerequisite and competency in XHTML/CSS, Flash or Illustrator is advantageous.

Personal qualities: You are a self-motivated individual who is able to work under pressure and is excited about being part of a creative team. You want to gain real commercial insights and help to deliver high quality digital media for large companies.

Applications: When applying for a role with Red Magma your application should include a covering letter (100 - 500 words), your CV and examples of your work (ideally an online portfolio). Please send your application to jobs@redmagma.com and include your preferred role in the subject line.

RED MAGMA IS A DIGITAL COMMS AGENCY WITH OFFICES IN BRIGHTON AND LONDON.

We are always on the lookout for exceptional team-members. Whether you're a talented content editor, designer, developer or account manager, if you've got a passion for creative digital comms we want to hear from you.

Successful applicants will join a team of digital specialists working for some of the largest companies in the world. It's our job to help businesses exploit digital technologies for their marketing and communications. Many of our clients have more than 100,000 employees and work in a variety of industries such as IT, Healthcare and Consumer Goods.

Our studio is in the heart of Brighton and just a stone's throw from the beach. A role with Red Magma offers a unique opportunity to work with a passionate team and make a meaningful contribution to the success of a broad-range of projects.
